

# Introduction

**Watch:** A [brief video introduction](#) to the course. (Remember that a Nashotah House email **is** also a Google/YouTube account! This video has been shared with you privately. In order to view the video, you must be logged into YouTube under your Nashotah email account. If ever the video links in the lessons do not seem to be working, you should check first to see if you are logged into YouTube under some other credential. Try logging out of YouTube and, then, logging back in with your Nashotah House email address and the associated password.)

**Review:** [Thornton, *English Spirituality*, pp. 16-30]

**The lessons for Weeks 1-3 are now available; lessons for weeks 4-6 will be released gradually over the next week or so. If you would like to work ahead, I would recommend reading the books by Ball, Ramsey, and Thornton well in advance of their discussion in later lessons in the course.**
